

NTS AVIATION SOLUTIONS

SAFE - COMPLIANT - EFFICIENT

# Corporate Profile

# About Ntsu Aviation Solutions

Ntsu Aviation Solutions (Pty) Ltd. provides specialized services to emerging and established Remotely Piloted Aircraft Systems (RPAS) operators and industry, applying innovative and engineered problem-solving techniques to deliver optimised solutions to future challenges.

## Our Vision

To be the safety ambassadors of the RPAS industry by consistently and innovatively delivering professional and cost-effective solutions to the industry at large.

## Our Mission

To harmonise the co-existence of RPAS systems and conventional aviation by enabling the equitable use of airspace and resources.

Our service delivery approach and principles are based on global trends and standards and conform to the practices emerging from International Civil Aviation Organisation and other civil aviation bodies.

## Our Values

Safety  
Integrity  
Customer Commitment  
Passion  
Innovation  
Open-Minded

We are proud and official reseller of MMC UAV products in South Africa, SADC and African continents as a whole. MMC UAV drones and payloads are suitable for applications such as: Energy, facility inspections, law enforcement, surveying, search & rescue, city planning and management.

For cost-effective, comprehensive and innovative RPAS solutions, contact us at: Ntsu Aviation Solutions (Pty) Ltd.

# WHAT WE OFFER

All our services are tailor-made and client-specific ensuring complete applicability to the operation and/or client needs.

The following services are available to emerging and established RPAS operators:
